Profile

Software Engineer and Computer Science graduate with 2 years of industry experience in software development. Experienced in building responsive web applications using Angular, NPM, TypeScript, HTML5, CSS3/SCSS, and JavaScript, with hands-on experience integrating RESTful APIs. Skilled in troubleshooting application issues and collaborating with cross-functional teams in Agile/Scrum environments to deliver high-quality web solutions.

Experience

Associate Software Engineer — Yoors, Colombo 3

Aug 2024 - Dec 2025

1. Enterprise Insurance Policy Management System

Angular | MySQL | TypeScript | REST APIs | Jenkins | Tortoise SVN | SonarQub

- Developed Angular modules for policy management workflows, building reusable components and services.
- Investigated and resolved coding issues flagged by SonarQube static analysis, improving code quality.
- Authored unit tests and coordinated with QA during UAT cycles to resolve defects before production releases
- Integrated RESTful APIs to retrieve, validate, and display policy and claims data across enterprise workflows.

2. Web Analytics Dashboard

Angular | TypeScript | Node.js | Grafana | MySQL | Figma | Tailwind CSS

- Analyzed requirements from BAs and translated them into Angular UI solutions to build the dashboard.
- Integrated Grafana dashboards with secure embedding to visualize KPIs and trends.

Intern Software Engineer — Kapruka Holdings PLC

Jul 2023 – Jan 2024

1. Vendors Management System

Angular | Spring Boot | MySQL | Git

- Developed and maintained responsive Angular front-end applications and Spring Boot backend services.
- Integrated RESTful APIs to enable seamless frontend-backend communication.

Projects

Employee Management System

github.com/EMS 

- Developed a full-stack Employee Management System with secure user authentication, employee CRUD operations, and RESTful API integration using Angular and Spring Boot.
- **Tools Used:** Angular, TypeScript, Java, Spring Boot, Spring Security, JWT, JPA/Hibernate, MySQL, Postman, Git

Portfolio Website

[shahida_portfolio](#) 

- Showcasing my journey, highlights key projects, achievements, and industry insights.
- **Tools Used:** Angular, HTML5, SCSS, Type Script.

Food-Ordering-System

[Food_ordering_system](#) 

- Implemented features such as adding food items to the cart, updating cart items, removing items, and placing orders
- **Tools Used:** HTML, CSS, JavaScript, Git

Client-web-management-system

[web-management](#) 

- WebFlow CMS is a responsive web development and content management platform for managing clients, websites, pages, tasks, QA, and client reviews.
- **Tools Used:** HTML5, SCSS, JavaScript ES6, NPM, Local Storage, SweetAlert2, Chart.js, date

Web-Analitics-Dashboard

[git-Analitics-Dashboard](#) 

- Developed an Angular, MySQL, and Grafana web analytics dashboard to track user behavior, conversion funnels, and performance metrics, providing actionable data insights for business decision-making.
- **Tools Used:** Angular, MySQL, Node.js, Grafana Chart

Skill Summary

Programming skills: HTML5, CSS3, Javascript/ TypeScript, Java, Express.js, Node.js Bootstrap, PHP, Spring boot, Python, Angular

Tools: Visual Studio Code, IntelliJ IDEA, Github, Git, MSSQL, Postman, MongoDB, Figma, IDIOM, Jasper, Grafana, Tortoise SVN, Jenkins

Languages: English, Sinhala, Tamil

Soft Skills: Team Work, Leadership, Creativity, problem-Solving, Communication, Presentation skills

Education

Eastern University, Sri Lanka

May 2019 – May 2022

B.Sc. in Computer Science
